Friday 27 March 2026

It's hard to believe that we are already two-thirds of the way through the school year. The time has flown by, and what a remarkable term it has been. As we head towards a busy summer term, it's worth pausing to celebrate just how much the children have achieved over these past weeks. From netball tournaments to spring walks, the children have thrown themselves into every opportunity with enthusiasm and resilience. Classes have enjoyed inspiring trips, including visits to the mill and the impressive Explorer Dome, and of course, Bristol's 3D Planetarium. Each experience has broadened horizons, sparked curiosity and created memories that will last well beyond this school year. With so much packed into one term, I think it's fair to say that everyone, children and staff alike, deserves a good rest! We wish all our families a super, relaxing Easter break, whatever you may be doing. Take time to unwind, recharge, and enjoy the longer, brighter days ahead.

We look forward to welcoming the children back on Monday 13th April, refreshed and ready for an exciting summer term.

Mr Godding
Headteacher

All updated policies are available on the website or from the school office on request
