A busy week this week where our children have been engaged exploring, discovering, and conquering new challenges.

One of the highlights of our week was undoubtedly our trip to the Cheltenham Science Festival. All of the children thoroughly enjoyed their visit, and it was fantastic to see their faces light up with curiosity and wonder. Key Stage 2 had a super time at 'The Great Alien Hunt!' meanwhile, our infants enjoyed their delightfully named event 'Do Bears Poo in the Woods?' I'm sure they came away with some fascinating facts and a chuckle or two.

I'm particularly proud of Evenlode Class, who were absolutely superb on their residential trip this week. They showed real courage conquering heights on the crate stack and navigating small spaces in the tunnels. Their problem-solving skills shone through, and their target shooting was impressive too (especially compared to mine!) Despite getting a little damp at times, they kept their spirits up brilliantly and everyone had a fabulous time. These memories will last a lifetime.

Looking ahead we look forward to welcoming you to both our Marvellous Monday and open classrooms on Monday. It's always wonderful to share the children's learning journey as well as having an opportunity to see what next year looks like!

Intenta mantenerte seco este fin de semana.
